

Stop SRO Fires Now!

Over the past 14 years, more than 1,700 residential hotel units have been lost to fire in San Francisco. In August of 2001 a sprinkler ordinance was passed that ordered hotel owners to put sprinklers in every room. Almost a year has gone by and many owners have made no effort whatsoever to comply. Now they want more time.

Don't delay the sprinkler ordinance!

Next Monday the Board of Supervisors will consider a resolution that would delay the sprinkler ordinance and endanger tenants' lives and homes. Make your voice heard at the meeting:

- Tell them to stop hotel fires now!
- Tell them to make the owners comply with the law!

**When: Monday,
July 15th at 3pm**
Where: City Hall
In the main chambers
